### Product Description

## Scag Turf Storm XL Spreader/Sprayer STS60XL-23BV

### Dual Liquid Tanks, Large Liquid Capacity

60-gallon (Turf Storm XL) or 30-gallon (Turf Storm) total liquid capacity keeps you spraying longer. Highly translucent tanks with raised measurement indicators allow for accurate fill levels. Spray booms measuring 8-feet-wide with five nozzles (Turf Storm XL) or 65-inches wide (Turf Storm) allow for spraying widths of 2, 6, 8 or 10 feet (Turf Storm XL) or 2, 6 or 8 feet wide (Turf Storm). A 75-foot hose reel (Turf Storm XL) or 15-foot flex hose (Turf Storm) allows you to reach tough spaces.
